

The current lists of available powder and hopefully soon primers can be found in the "FLYERS & LISTS" menu

<https://www.duckcreekportinggoods.com/powders-and-primers-inventory-list/>

Powders are becoming a LITTLE more available, still tremendously back ordered. Primers are rumored on being available soon. Soon can have different meanings in this case so I do not want to spread false hopes, just trying to relay what I hear from reliable sources

Thank You
